

Training and Presentations for Staff working in Education

Gendered Intelligence can offer a range of sessions from 1 hour to two days and beyond. We have two standard training sessions:

'Introduction to Trans Awareness' is a half day (3 hour) introductory interactive session for up to 15 people which gives enough time for discussion and questions around the key topics in a relatively short period of time. The session covers language and terminology, understanding legislation and implementing good practice

'Introduction to Trans Basics' is a good choice if you have limited time for staff training, or want something in addition for the wider staff body. The session is 1 hour and sits well in the context of an INSET day or similar.

We always prefer to speak with our clients before a final choice of package is made to ensure that it will meet your needs in the most effective way, taking into account both time and budget. Please feel free to contact us.
